PROFESSIONAL SUMMARY

- ➤ I have **Total Experience** in IT sector **6+ years**.
- ➤ 4 years' experience in Java Developer with extensive experience in programming languages. Complete development requests. Effectively working well under pressure while routinely meeting project deadlines
- **other experience** in monitoring using Linux, VMware Infrastructure, Creating Report of all Locos information.
- Good Communication, collaboration & teambuilding skills with ability of grasping new technical concepts quickly and utilize the same in a productive manner.

TECHNICAL SKILLS

Java 8, Spring Boot, Microservices, Hibernate/JPA, Spring Security, Swagger, RESTful, Liquibase, Kubernetes, MySQL

Knowledge: Struts 1.0/2, JSP, Servlet, JDBC

PROFESSIONAL EXPERIENCE

Silver Touch Technology, New Delhi

working...

Name: CSR (Corporate Social Responsibility)

Role: Java Developer **Platform**: Windows 10

Technology: Java, Spring Boot, Spring Mvc, Spring Security, REST API, hibernate (JPA), PostgreSQL, Testing, Maven,

Swagger

Project Description: Corporate Social Responsibility (CSR) involves initiatives and activities undertaken by the organizations to contribute to societal well-being, environmental sustainability, and ethical business practices. Here are some common areas where organizations often focus in their CSR efforts: Education and Skill Development, Healthcare Initiatives, Community Development, Environmental Sustainability, Support for Marginalized Communities, Disaster Relief and Rehabilitation, Technology and Innovation and many more. CSR activities undertaken can vary based on the industry, location, and organizational priorities. Initiatives are often guided by national regulations and policies that mandate a certain percentage of profits be allocated to CSR activities. Reporting and transparency regarding CSR.

Super Web Technology, Ghaziabad

Aug 2023 - May 2025

Dec 2021 – Aug 2023

Name: Parcel Management System

Role: Coding
